

# Corvettes of Central Indiana

## Fighting COVID

Over 95% of our Club members are now fully vaccinated against Covid19, and this allows us to plan for a variety of spring and summer Corvette driving activities that everyone can attend.

## No Officers, No Points, and No Problems

The entire club voted unanimously not to have club officers or a points system. If you want to attend an activity, you are welcome to do so, but if you choose not to attend, that's ok too. Member suggestions determine club activities and because the club is reasonably small, scenic drives and drive/dine events are always manageable.

## 2021 Car Shows

Most of our club members have attended and won many car shows. Driving our Corvettes has a higher priority than car shows, although some will attend shows just to see old friends.

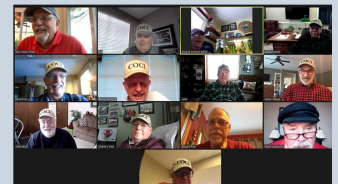

## C8 Explosion

Our club members are certainly embracing the C8 Corvette as three members already have them and six more have them ordered or reserved. It's pretty clear that the majority of club members like the C8 and intend to get one.

## Virtual Zoom Meetings

The virtual zoom meetings that kept our members connected and in touch during 2020 are continuing in 2021, making it easy to plan events and stay informed.

We are very proud to have

as our club sponsor

contact them for all your new/used vehicle and service needs
